

1. Policy Statement

Internet has become a vital tool for the dissemination of information and knowledge. It has therefore become important the EmpireOne uses the same in context for its business to acquire information and for research. However, access to the internet, brings in additional threats of virus attacks, intrusions and the ability to download softwares which are potentially harmful to EmpireOne infrastructure, information assets and reputation. Internet access therefore requires to be regulated and used judiciously in the context of the prevailing law.

2. Coverage

This policy covers all internet access and related services, which use the Internet within all EmpireOne facilities. This is also applicable to all users who access EmpireOne Internet services from within EmpireOne's network.

3. High Level Policy

Internet access shall be provided to users after authorization. Users are prohibited from surfing, transmitting or downloading material that is obscene, pornographic, threatening or sexually harassing.

4. Detailed Policy

- Use of the internet by employees of EmpireOne is encouraged in the execution of day-to-day business requirements. EmpireOne's standards of business conduct must be maintained whenever/wherever the Internet is used.
- Use of Internet within EmpireOne network shall be monitored.
- Use shall neither visit nor access pornographic, racist and illegal sites, or download from the such Internet sites that contain obscene or offensive content. Access to many (if not all) sites considered to contain "unsuitable" content, shall be prevented by using a web/url filtering system. As new sites of this nature come online and come to the attention of EmpireOne, they shall be blocked as soon as possible.
- User shall not make or post indecent remarks, proposals or materials on the Internet (Blogs, social networking sites)
- User shall not upload, download or otherwise transmit commercial software or any copyrighted materials
- Users shall not reveal or publish confidential or proprietary information which includes, but not limited to, financial information, new business and product ideas, marketing strategies and plans, databases and the information contained therein, customer lists, technical product information, software sources code, computer network access codes, and business relationships.
- All browsers used to connect to the Internet shall be updated periodically for the latest patches for vulnerabilities.
- Internet access shall be provided only to those employees after authorization by their respective department heads with appropriate justification

- Special categories shall be created to allow user to access specific/exceptional sites (social networking, general mail services & so on but not to illegal or completely restricted sites) based on business requirement after proper approval from their department heads with appropriate justification
- All content download from Internet shall be thoroughly checked to make sure they do not include viruses, Trojan horses, and other malicious code. Every desktop will have EmpireOne approved antivirus with the latest virus definitions. Disabling antivirus software shall not be permitted. All desktops shall be configured to automatically scan any material downloaded from an Internal Web site.
- Users shall not use Internet for accessing sites promoting gambling, personal commercial benefits or money laundering.
- Sharing of Internet access login ID and password is strictly prohibited.
- User shall take reasonable care to access sites of hackers as these sites could lead to downloads of hostile code or opening of a covert channel into EmpireOne.
- While on EmpireOne network user shall connect to Internet only through Proxy and not by any other means like dial-up etc. except without express authorization from IT location head and respective department head
- EmpireOne retains right to report any illegal activities to the appropriate authorities

POLICY REVIEW

This policy will continue to be in force unless superseded by a revised policy. The company reserves the right to amend, abrogate, modify, rescind/ reinstate the entire policy or any part of it at any time.
